

How to Measure for Your New Apron

- Take all measurements with a cloth measuring tape.
- Measurements should be taken over your clothing.
- Do not attempt to take your own measurements. You should request the help of an assistant for best accuracy.
- Refer to the Find Your Size diagram for proper location of measurements.
- Some apron patterns are cut for specific genders. In these instances, if users of various genders will be sharing aprons, plan to consider male size options. If aprons are being purchased for separate gender use, plan to select the specific gender of the wearer(s) to ensure the best protection/fit.
- Once all measurements have been taken, refer to our sizing chart to find your size.
- If it is determined that a user is between sizes, consider the larger size. Garments that are too big may be made smaller; however, garments that are too small cannot be made larger.
